

Conceited in Modesto
pretty well describes
Hildy Ord-Nussbaum &

Latin Lover, foul-mouthed
Carlos! Once wrapped in their
acquaintanceship watch

out!--especially if too thin
or fat. Giving such wily devils
their due: so often Funny!

& yet warmly California too? Yup.
Unlike the other Coast,

where they cut your legs
out from under with snide, as-

tringent wisecracks. Repeating
limericks fecally underscoring

your all too-evident lacks
that long night through.

In Modesto, our Jokesters-2
have a dozen close friends.

Back East? Don't pretend to ask.
